

YOUR NOTES

GitHub and portfolios

Use this page or your own notes while you work. You do not need a finished project to begin.

What would you like to work on?

An About section, project explanation, new question, existing assignment, or something else.

What did you change, learn, or decide?

Record a useful revision, a choice you made, or something you want to investigate.

What would help?

Write a question to ask or feedback you received.

What comes next?

Name the next action and where you saved your work.
